

April 26, 2016

Mr. Hartsaw,

My wife Sandy and I cannot thank you and your incredible staff who years ago helped our son Marcus Porche as well as many of other young men and women and made them what they are today. When Marcus arrived at Workforce Advantage Academy he was a severely insecure young man who didn't fit in at the public school atmosphere at Winter Park High School. At Workforce, he was excited to attend school and learn, not to mention get involved with other students. So the circle has been completed. He arrived at Workforce Academy, you and your staff molded him into the young man he is today and he will guide, educate, and mold young men and women into their futures as a High School Teacher in English. The ironic thing is Marcus performed his internship at Winter Park High School – *where he didn't fit in*. On May 6 of this year Marcus will graduate from University of Central Florida with a Bachelor of Science in Education. As being the founder of this incredible school for young students who for whatever reasons just don't fit in at the public school systems you and your staff should be very proud of your accomplishments. Once again thank you and **HOOAH..**

Best Regards,

Butt & Sandy Porche
